27 February 2017

To Shareholders and, for information purposes only, to the holders of options under the Roxi Petroleum share option schemes

Dear Sir or Madam,

PROPOSED MERGER IN RESPECT OF THE COMPANY'S ERAGON ASSETS
APPROVAL OF WAIVER OF OBLIGATIONS UNDER RULE 9 OF THE CITY CODE
CHANGE OF NAME
AND
NOTICE OF GENERAL MEETING

Introduction

The Independent Directors and the Baverstock Quotaholders have, subject to independent Roxi Shareholder approval and regulatory consent, agreed to merge Roxi's and Baverstock's interests in Eragon, which holds an indirect 99% interest in the Company's principal asset, BNG.

The Merger is to be achieved by Roxi increasing its effective shareholding in Eragon from 59% to 100%, thereby increasing Roxi's interest in the BNG contract area from 58.41% to 99%.

The Baverstock Quotaholders are already interested in an aggregate of 98,000,000 Ordinary Shares representing 10.45% of the Issued Ordinary Shares.

Subject to the terms and conditions of the Merger Agreement, Roxi has agreed to allot 651,436,544 new Ordinary Shares to Baverstock, which would comprise 41% of the Increased Share Capital. A further 80,804,200 Conversion Shares are to be issued to Kuat Oraziman pursuant to the Conversion of the Vertom Loan, as detailed below.

The number of Consideration Shares to be allotted will be adjusted to reflect material changes to the non Eragon-related net assets of Baverstock and Roxi and its subsidiaries in the period from the date of this Circular to completion of the Merger, provided that, taking into account the net effect of all adjustments, the maximum number of Consideration Shares that can be allotted to Baverstock is 651,436,544.

The principal benefit from the Merger will be the increased level of control in the development of BNG, which your Board firmly believes should become an extremely valuable asset. In particular, following the completion of the Merger, any additional funding would be the exclusive responsibility of Roxi, rather than at present when additional funding is to be contributed on a 59:41 basis by Roxi and Baverstock. Roxi therefore would be able to dictate the pace at which the BNG asset will be exploited.

As part of the Merger Agreement, \$10,100,525 of loans owed to Vertom by Roxi will be converted to new Ordinary Shares at 10p each, being a 5.3% premium to the closing share price on 24 February, the last practicable day prior to publication of this Document. This Conversion removes a significant liability from the Company's balance sheet. The removal of the Vertom Loan would leave Roxi materially debt free.

Other benefits include becoming a larger company with greater access to funding, removing any suggestion of an ongoing conflict of interest between the Roxi CEO Kuat Oraziman and the Company, disposing with the need for periodic related party opinions in relation to Baverstock and being able to simplify the existing Roxi corporate structure.

The proposed Merger is a related party transaction under the AIM Rules, and following the Merger the interest of Kuat Oraziman, the CEO of Roxi and its largest Shareholder and the largest of the four Baverstock Quotaholders, will increase from 35.16% to a maximum of 45.74% of the ordinary share capital of Roxi.

Baverstock will hold the Consideration Shares for each of the Baverstock Quotaholders. Roxi understands that the Consideration Shares (and the portion of the Issued Ordinary Shares) held by Baverstock for the Majority Beneficiaries will be transferred to them (or nominees on their behalf) shortly following Admission. The remaining Baverstock Quotaholders, comprising Dae Han New Pharm and Cody Star Investment, are under no obligation to transfer their Consideration Shares or their portion of the Issued Ordinary Shares out of Baverstock, but are entitled to do so.

Baverstock and Vertom have agreed to enter into an orderly market agreement restricting any disposal of the Consideration Shares and Conversion Shares respectively for a six month period from the completion of the Merger. Transfers of Consideration Shares to the underlying Baverstock Quotaholders (or their nominees) are exempt provided the Baverstock Quotaholder enters into an orderly market agreement in like terms.

The mechanics to implement the above proposals are necessarily complex due to the international nature of the transaction and the need to comply with the provisions of the City Code.

This Circular explains why the Independent Directors of Roxi believe the Proposals to be in the best interests of Shareholders and how in detail the Proposals, if approved, are to be implemented.

A General Meeting has been convened for 11:00 a.m. on 24 March 2017 at the offices of Fladgate LLP, 16 Great Queen Street, London, WC2B 5DG to consider and if thought fit approve the Proposals. The Company is also seeking the approval of the Ministry of Energy.

Additionally, in recognition of this landmark in the Company's development a resolution to change the name of the Company from Roxi Petroleum plc to Caspian Sunrise PLC will be put before shareholders.

Background

On 29 February 2008, Shareholders approved the acquisition by Roxi of 59% of the issued share capital of Eragon, a company with a number of oil and gas assets in Kazakhstan, including the BNG contract area, which is the Company's principal commercial asset. The remaining 41% of the issued share capital of Eragon is held by Baverstock for the benefit of the Baverstock Quotaholders, the largest of which is Kuat Oraziman, Chief Executive Officer of Roxi Petroleum. Further details of such acquisition are set out in the Admission Document.

Eragon holds 100% of the issued share capital of BNG Energy B.V. which holds 99% of the issued share capital of BNG Ltd LLP, which owns BNG. Roxi Petroleum is the operator of BNG.

A condition in the Eragon acquisition agreement was that Roxi would carry Baverstock for the first \$100 million of development costs of the Eragon assets. This condition was satisfied in January 2015 and accordingly the Independent Directors of Roxi and the Baverstock Quotaholders believe a merger of their respective interests in BNG by reference to Roxi and Baverstock's respective 59:41 shareholdings in Eragon Petroleum would now be mutually beneficial.

The Company is proposing to obtain 100% ownership of the share capital of Eragon by way of the reduction of share capital in Eragon, which would entail the cancellation of the whole of the 41% of the issued share capital of Eragon currently held by Baverstock for the benefit of the Baverstock Quotaholders, thus giving the Company full operational control and 99% ownership of its principal commercial asset.

The Baverstock Quotaholders have been treated as acting in concert, as defined by the Code, with a number of other Shareholders of the Company. Further details on the Concert Party can be found below in the paragraph entitled: "The Concert Party".

The Concert Party currently holds 69.67% of the Issued Ordinary Shares and is therefore above the 50% threshold stated in Rule 9 of the City Code. Therefore the Concert Party may acquire further Ordinary Shares without the necessity for a mandatory offer to be made.

The Waiver of obligations under Rule 9 of the City Code is sought to allow Kuat Oraziman, as an individual member of the Concert Party, to acquire Ordinary Shares (comprising part of the Consideration Shares and the Conversion Shares) which would take his individual holding from 35.16% of the Issued Ordinary Shares to 45.74% of the Enlarged Share Capital.

Following Admission, the Company anticipates that 66,493,000 out of the 98,000,000 Ordinary Shares (representing 7.09% and 10.45% of Roxi Petroleum's current issued ordinary share capital respectively) currently held by Baverstock for the Baverstock Quotaholders will be transferred to the Majority Beneficiaries (being part of the Baverstock Quotaholders) or their respective nominees on a pro rata basis, as referred to below under "Background to and reasons for the Merger: *Splitting the Baverstock Interest in Ordinary Shares.*" Roxi Petroleum is not acquiring Baverstock under the Merger.

Following the Merger, the aggregate shareholdings of the Concert Party would increase to 82.97% of the Enlarged Share Capital.

Additionally, it is proposed that the name of the Company be changed to Caspian Sunrise PLC.

Kuat Oraziman is defined as a related party under the AIM Rules as he is a Director of the Company and a substantial shareholder (as defined by the AIM Rules as being any Shareholder with a holding of 10% or more of the Company's issued share capital), and is also the majority beneficial owner of quotas in Baverstock. The other beneficial owners of quotas in Baverstock are Dosbol Zholdybayev, Dae Han New Pharm and Cody Star Investment. The Merger will therefore be considered a related party transaction. Further information on the Related Party Transaction is included below in the paragraph entitled "Related Party Transaction".

The purpose of this Circular is to outline the reasons for, to explain the terms of the Proposals and to explain why the Board considers the Proposals (including the Resolutions) to be in the best interests of the Company and Shareholders as a whole and why the Independent Directors recommend that you vote in favour of the Whitewash Resolution at the General Meeting as they intend to do in respect of the Ordinary Shares held by them.

Set out at the end of this Circular is a notice convening a General Meeting of the Company to be held at 11:00 a.m. on 24 March 2017 at the offices of Fladgate LLP, 16 Great Queen Street, London WC2B 5DG, at which the Resolutions will be proposed.

Background to and reasons for the Merger

Introduction

BNG is the Company's principal asset. Discoveries have been identified from both shallow drilling and deep drilling which the Company intends to develop. Roxi's management believe the contract area has very significant potential.

Roxi Petroleum currently owns 59% of Eragon Petroleum, which in turn owns 99% of BNG. Baverstock is the legal holder of 41% of the issued share capital of Eragon Petroleum.

The Merger would unite 99% of BNG under Roxi Petroleum's ownership.

Information on BNG

BNG is located in the west of Kazakhstan 40 kilometres southeast of Tengiz on the edge of the Mangistau Oblast, covering an area of 1,702 square kilometres of which 1,376 square kilometres has 3D seismic coverage acquired in 2009 and 2010.

Roxi Petroleum has a 58.41% interest in BNG via its 59% holding in Eragon.

In June 2015, the BNG subsoil use contract was successfully renewed for a further three-year period to 7 June 2018.

The main focus of activity during the period of the renewed contract will be to prove up the largest amount of reserves consistent with avoiding unnecessary dilution to Roxi shareholders.

Future development funding

From January 2015, Roxi Petroleum and Baverstock have been responsible for the continued funding of the Eragon assets in the ratio 59:41. As at the date of publication of this document, all development work at BNG since January 2015 has been funded from the proceeds of the Galaz disposal and pre sales of oil from BNG, and as such the development of BNG has effectively been funded equally by Roxi and Baverstock.

As a privately owned entity Baverstock and the Baverstock Quotaholders do not have the ability to seek to fund their portion of the development costs from the public equity markets. To the extent this limits Baverstock's ability to meet its share of future funding, the pace of the development of the Eragon assets, in particular BNG, would suffer to the detriment of Roxi.

Additionally, the Directors believe owning 99% of the Eragon assets, and removing \$10,100,525 of debt pursuant to the Conversion of the Vertom Loan, would make it easier at the appropriate time for Roxi Petroleum to raise debt funding to develop the Eragon assets.

Greater institutional investor interest

The enlarged Roxi Petroleum would by virtue of its increased size and market capitalisation be of more interest to institutional investors. As the Company continues to grow and develop its assets, having the ability to approach larger institutional investors for funding will in the Directors' opinion be important.

In addition it removes a potential conflict of interest between the Company and its CEO, which the Directors believe would also make it easier to attract institutional equity investment.

Controlling the direction of development

Owning 99% of the Eragon assets will allow much greater control of the way the assets are developed. Should for example Baverstock sell its interest in the Eragon assets to a third party the direction of development would need to be agreed with the new owners.

Splitting the Baverstock interest in Ordinary Shares

Following the Merger, the Company anticipates that the beneficial interests of each of the Majority Beneficiaries in Issued Ordinary Shares would become attributable to the underlying beneficiary rather than being held in one block by Baverstock. Accordingly, of the 98,000,000 Ordinary Shares currently held by Baverstock, representing 10.45% of the Issued Ordinary Shares, the Company anticipates that shortly following Admission 66,493,000 Ordinary Shares, representing 7.09% of the Issued Ordinary Shares, would be transferred to the Majority Beneficiaries or their nominees, who are all treated as acting in concert with the other members of the Concert Party.

Completion of the Merger, and the issue and allotment of the Consideration Shares to Baverstock, is conditional on, amongst other things, the passing by Shareholders at the General Meeting of all of the Resolutions (including the passing of the Whitewash Resolution by the Independent Shareholders).

Nature of business and financial and trading prospects

Roxi Petroleum is an oil and gas exploration and production company and it is engaged in building a portfolio of assets in Central Asia. Its focus is currently on Kazakhstan.

Information on current trading and future prospects of the Group is set out in the "Chairman's Statement" on page 13 of the 2015 Annual Report and Accounts. The audited consolidated account for the last two financial years and interim results for the six month period ended 30 June 2016 are available from the Company's website (www.roxipetroleum.com/roxi/en/investors) and have been incorporated into this document by reference to that website.

Further information relating to the location of financial information on Roxi Petroleum may be found in Part II of this document.

Basis of the Merger

The principle of the Merger is that, as BNG is the principal asset in which the Company is interested, and the Company currently ascribes limited value to its other assets, the Notional Consideration would comprise 41% of the market capitalisation of the Company following the issue of the Consideration Shares (at the closing share price on the trading day prior to the date of this Circular).

Accordingly, pursuant to the Merger Agreement, Roxi has conditionally agreed to issue to Baverstock 651,436,544 Consideration Shares in aggregate at the Notional Issue Price of 9.5 pence per Consideration Share. The number of Consideration Shares to be issued takes into account net asset adjustments in relation to the non-Eragon related assets and liabilities of Roxi Petroleum. The Consideration Shares will represent 41% of the Increased Share Capital (subject to any adjustment in connection with Roxi's expenditure, over and above its pro rata obligation on BNG beyond an agreed level of expenditure, and/or material changes to the non-Eragon related net assets of Roxi and its subsidiaries as referred to above). Further Shares are to be issued as part of the Vertom Loan Conversion as described below.

The key terms of the Merger Agreement are as follows:

- the parties to the Merger Agreement have agreed that Roxi will pay the Notional Consideration, to be satisfied by the issue at the Notional Issue Price of the Consideration Shares to Baverstock, in consideration for Roxi establishing 100% ownership of Eragon and accordingly a 99% interest in, and operational control of, BNG;
- Baverstock will hold the Consideration Shares for each of the Baverstock Quotaholders. Roxi understands that the Consideration Shares (and the portion of the Issued Ordinary Shares) held by Baverstock for the Majority Beneficiaries will be transferred to them (or nominees on their behalf) shortly following Admission. The remaining Baverstock Quotaholders, comprising Dae Han New Pharm and Cody Star Investment, are under no obligation to transfer their Consideration Shares or their portion of the Issued Ordinary Shares out of Baverstock, but are entitled to do so. The individual beneficial interests of the Baverstock Quotaholders in Roxi will not be affected by the transfer or otherwise of Consideration Shares or Issued Ordinary Shares to themselves or nominee accounts on their behalf;
- as referred to above, the parties have agreed that the Notional Consideration will be reduced by a proportionate amount of any additional expenditure incurred by Roxi Petroleum in respect of the BNG assets, above its pro rata obligations, in the period up to completion of the Merger beyond an agreed level of expenditure. In the event of any additional expenditure, the number of Consideration Shares to be allotted to Baverstock will accordingly be reduced by such amount divided by the Notional Issue Price. Additionally, the Notional Consideration payable, and the number of Consideration Shares to be allotted, will be adjusted to reflect material changes to the non-Eragon related net assets of Roxi and its subsidiaries in the period from the date of this Circular to completion of the Merger, provided that, taking into account the net effect of all adjustments, the maximum Notional Consideration payable is £61,886,471.60 and the maximum number of Consideration Shares that can be allotted is 651,436,544. The Company will announce the final Merger statistics in due course;
- to complete the Merger, the parties to the Merger Agreement have conditionally agreed to effect the Eragon Capital Reduction, thereby reducing the share capital of Eragon by cancelling the Eragon Shares, leaving Roxi Petroleum holding 100% of the resulting share capital of Eragon. Roxi Petroleum and Baverstock have agreed to pass, or to procure the passing of, a shareholder resolution of Eragon (conditional on and following the passing of all of the Resolutions at the General Meeting and the satisfaction of all other Conditions Precedent) to approve the Eragon Capital Reduction, and the parties to the Merger Agreement will procure that all further steps are taken by Eragon (including the making of a solvency statement by the directors of Eragon in accordance with section 643 of the Companies Act) to procure the effective registration by the Registrar of Companies of the Eragon Capital Reduction;
- conditional on and following the passing of all the Resolutions at the General Meeting and the satisfaction of all other Conditions Precedent, Roxi Petroleum will:
 - allot the Consideration Shares to Baverstock (to be held for the Baverstock Quotaholders as referred to above), conditional on the Eragon Capital Reduction becoming effective and on Admission;
 - apply to the London Stock Exchange for Admission; and
 - immediately following the Eragon Capital Reduction becoming effective, confirm to the London Stock Exchange that such allotment has become unconditional save as to Admission;

- the other material condition precedent to the parties effecting the Eragon Capital Reduction that has not been satisfied as 24 February 2017 (being the latest practicable date prior to the publication of this Circular) is the receipt by the Company of the approval of the Ministry of Energy to the Proposals. The long stop date for the satisfaction of all the Conditions Precedent is 24 September 2017;
- it has been agreed between the parties that, as part of the Merger:
 - the joint venture agreement between Roxi Petroleum and Baverstock entered into in January 2008 as part of the Eragon acquisition, further details of which are set out in the Admission Document, will be terminated;
 - the royalty agreement entered into between Roxi Petroleum and Baverstock in July 2015, as announced by the Company on 24 July 2015, will be cancelled;
 - Baverstock and Roxi have agreed that with effect from the date the Eragon Capital Reduction becomes effective, all other agreements between them shall be terminated; there will be no outstanding liabilities or commitments between them; and neither Roxi nor Baverstock has any interest in the share capital or assets of the other, except as specifically contemplated under the Merger Agreement; and
 - the outstanding Vertom Loan amounting to \$10,100,525, will be converted into new Ordinary Shares at 10p. These Conversion Shares will represent 4.84% of the Company's Enlarged Share Capital.

You should note that the timing of completion of the Merger and certain prior steps are conditional on the satisfaction of all of the Conditions Precedent, including in particular receipt of approval from the appropriate Kazakh authorities, the likely timing of which are not known as at the date of publication of this Circular. This is reflected in the expected timetable set out on page 3 of this Circular. The Company will announce the satisfaction of all Conditions Precedent and the definitive timetable in due course. The long stop date for the satisfaction of all Conditions Precedent is 24 September July 2017.

If the Conditions Precedent are not satisfied by this date, the parties will not affect the Eragon Capital Reduction, Baverstock will retain its 41% holding of the shares in Eragon, Roxi will not issue the Consideration Shares, the Merger will not complete and the Baverstock Quotaholders will retain their aggregate interest in 40.59% of the Eragon assets, including BNG.

Information on the Concert Party

For the purposes of the City Code, the Concert Party is treated as acting in concert, as defined by the City Code, with regard to its interests in the issued share capital of Roxi Petroleum.

Kuat Oraziman is treated as acting in concert with a number of shareholders in Roxi Petroleum under the Code. The Concert Party comprises Kuat Oraziman, Kairat Satylganov, another Director of Roxi Petroleum, Mr Daulet Beisenov, Mrs Zhanat Bukenova, Baverstock and the other Baverstock Quotaholders, Vertom, Mrs Raushan Sagdiyeva and Mr Bolatzhan Kerimbayev.

The Baverstock Quotaholders are Kuat Oraziman, Dosbol Zholdybayev, Dae Han New Pharm and Cody Star Investment. The Baverstock Quotaholders are treated as acting in concert as a result of their professional relationship with Kuat Oraziman and their respective beneficial interests in quotas in Baverstock.

Baverstock holds the Eragon Shares for the Baverstock Quotaholders pro rata to their beneficial interests in Baverstock. Baverstock also holds 10.45% of the Ordinary Shares in Roxi Petroleum on the same basis.

The beneficial interests in the quotas of Baverstock and in the Eragon Shares are as follows:

Baverstock Quotaholder	Percentage interest in Baverstock and interest in the Eragon Shares
Kuat Oraziman	54.24%
Dae Han New Pharm	30.00%
Dosbol Zholdybayev	13.61%
Cody Star Investment	2.15%

In January 2017 a transfer of 5% of the quotas in Baverstock was made between Kuat Oraziman and Dae Han New Pharm. Kuat Oraziman's quota holding was reduced from 59.24% to 54.24% and Dae

Han New Pharm's quota holding increased from 25% to 30%. This transfer was made to more accurately reflect funds invested in Baverstock.

The table below shows the split of the 98,000,000 Ordinary Shares held by Baverstock for the Baverstock Quotaholders:

Baverstock Quotaholder	Ordinary Shares held through Baverstock	Percentage of Issued Ordinary Shares held through Baverstock
Kuat Oraziman	53,155,200	5.67%
Dae Han New Pharm	29,400,000	3.14%
Dosbol Zholdybayev	13,337,800	1.42%
Cody Star Investment	2,107,000	0.22%

Kuat Oraziman is the sole shareholder and director of Vertom. Daulet Beisenov was formerly a shareholder and director in Vertom and is included in the Concert Party by virtue this professional relationship with Kuat Oraziman. Between 29 September 2011 and 30 April 2012 Vertom provided loans to Roxi amounting to, in aggregate \$7 million. The outstanding \$10,100,525 Vertom Loan is to be converted into Conversion Shares as detailed above.

Raushan Sagdiyeva, the sole owner of Raditie, has been treated as acting in concert with Kuat Oraziman due to their professional relationship. On 10 November 2011 Roxi Petroleum entered into a short term interest free loan arrangement with Raditie whereby Raditie lent \$2.5 million to the Company. Raditie had the right to convert this loan into a 30% share in Munaily Kazakhstan LLP, a subsidiary of Roxi Petroleum. On 12 March 2013, Raditie agreed to convert the full amount of the loan into Ordinary Shares. Subsequently, 22,654,731 Ordinary Shares were issued to Raditie at a deemed issue price of 7.412668p. On 22 August 2016 Raditie sold 39,171,745 shares to Bolatzhan Kerimbayev and transferred beneficial ownership in its remaining 20,482,986 Ordinary Shares to Raushan Sagdiyeva.

Kairat Satylganov and Kuat Oraziman are treated as acting in concert due to their professional relationship as Shareholders and Directors of Roxi Petroleum. Kairat Satylganov and Kuat Oraziman also have a professional relationship in Kazakhstan spanning approximately 15 years.

Zhanat Bukenova has been treated as acting in concert with Kuat Oraziman due to their professional relationship. On 24 July 2014 Roxi entered into a release and subscription agreement with Zhanat Bukenova (an individual resident in Kazakhstan) for the capitalisation of a loan provided by Zhanat Bukenova to Roxi. Under the terms of the agreement, Zhanat Bukenova agreed to release Roxi from any, and all, of its obligations to Zhanat Bukenova under, or in connection with, a US\$500,000 loan facility provided by Zhanat Bukenova to Roxi pursuant to a loan agreement dated 10 October 2010. In consideration for the release, Roxi issued 3,955,438 Ordinary Shares to Zhanat Bukenova.

Bolatzhan Kerimbayev has been treated as acting in concert with Kuat Oraziman due to their professional relationship. Mr Kerimbayev acquired 39,171,745 shares representing a 4.18% holding in the Company from Raditie on 22 August 2016.

Other than as disclosed above, there are no further relationships (personal, financial and commercial), arrangements and understandings between the Concert Party members to disclose.

The following description of the interests of the Concert Party and its individual members in the share capital of Roxi assumes that there is no downward adjustment in the Notional Consideration and the number of Consideration Shares based on the adjustments referred to above, including in respect of the level of expenditure incurred by Roxi in relation to BNG. Accordingly, the below interests represent the maximum potential interests of the Concert Party and its individual members in the share capital of Roxi following completion of the Merger. Final interests in Roxi's share capital following the Merger will be announced in due course.

The individual interests of the Concert Party members as at the date of this document, and on completion of the Merger and issuance of the Consideration Shares will be as follows:

*Kuat Oraziman's current holdings include the Ordinary Shares held directly, the entire shareholding of Vertom (which he controls) and 54.24% of the Ordinary Shares held by Baverstock for the Baverstock Quotaholders.

**Dae Han New Pharm, Cody Star Investment and Dosbol Zholdybayev have a beneficial interest in the Ordinary Shares as such shares are held by Baverstock for such persons as Baverstock Quotaholders, as detailed above.

The current total holding of the Concert Party is 653,129,157 Ordinary Shares representing 69.67% of the Issued Ordinary Shares. Kuat Oraziman currently holds 329,563,233 Ordinary Shares representing 35.16% of the Issued Ordinary Shares and Kairat Satylganov currently holds 205,428,656 Ordinary Shares representing 21.91% of the Issued Ordinary Shares.

Following completion of the Merger and the issue of the Consideration Shares and Conversion Shares, the Concert Party would be interested in 1,385,369,901 Ordinary Shares representing 82.97% of the Enlarged Share Capital. Kuat Oraziman would be interested in 763,706,614 Ordinary Shares representing 45.74% of the Enlarged Share Capital and Kairat Satylganov would continue to hold 205,428,656 Ordinary Shares representing 12.30% of the Enlarged Share Capital.

As detailed above, Baverstock will be issued and will hold the Consideration Shares for each of the Baverstock Quotaholders. Roxi understands that the Consideration Shares (and the portion of the Issued Ordinary Shares) held by Baverstock for the Majority Beneficiaries, Kuat Oraziman and Dosbol Zholdybayev, will be transferred to them (or nominees on their behalf) shortly following Admission. The remaining Baverstock Quotaholders, comprising Dae Han New Pharm and Cody Star Investment, will continue to have their respective interests in Roxi held by Baverstock and are under no obligation to transfer their Consideration Shares or their portion of the Issued Ordinary Shares out of Baverstock but are entitled to do so. The individual beneficial interests of the Baverstock Quotaholders in Roxi will not be affected by the transfer or otherwise of Consideration Shares or Issued Ordinary Shares to themselves or nominee accounts on their behalf.

As Directors of Roxi Petroleum, Kuat Oraziman and Kairat Satylganov have been awarded certain rights to subscribe in Ordinary Shares. Further information on these share option agreements are disclosed in Part II of this document in the paragraph entitled "Interests and dealings". Were both of Kuat Oraziman and Kairat Satylganov to exercise all share options, with Panel consent, under the aforementioned share option agreements following completion of the Merger and the issue of the Consideration Shares and Conversion Shares, Kuat Oraziman would be interested in 775,740,114

Ordinary Shares representing 46.05% of the Company's enlarged issued ordinary share capital and Kairat Satylganov would hold 208,428,656 Ordinary Shares representing 12.37% of the Company's enlarged issued ordinary share capital. If both of Kuat Oraziman and Kairat Satylganov were to exercise all of their rights to subscribe in Ordinary Shares the maximum controlling position of the Concert Party would be 83.12% of the Company's then issued ordinary share capital. The above percentages assume that no other person exercises any rights to subscribe for Ordinary Shares. A full breakdown of rights to subscribe held by the Directors of Roxi Petroleum is included in Part II of this document in the paragraph entitled: "Interests and Dealings".

Save as disclosed above no other members of the Concert Party have rights interests, rights to subscribe or short positions in Roxi Petroleum.

On 8 January 2013 Roxi Petroleum announced that it had entered into the Equity Investment Agreement with Kairat Satylganov, who subsequently became a Director of the Company. The Equity Investment Agreement provided the Company with, at the Company's election, a facility of up to \$40 million in exchange for the issue and allotment to Mr Satylganov of up to 355,165,716 new Ordinary Shares at a price of approximately 7.41 pence per share. The following drawdowns have been made from the \$40 million facility:

On 22 August 2016 Bolatzhan Kerimbayev bought 39,171,745 shares at a price of 9.1 pence from Raditie. Following this transaction Bolatzhan Kerimbayev had an interest in 39,171,745 Ordinary shares. On the same date, Raditie transferred its remaining 20,482,986 Ordinary Shares to its sole Director and Shareholder, Raushan Sagdiyeva.

On 1 April 2015 the Company announced that Kuat Oraziman had acquired 39,242,317 Ordinary Shares from Kairat Satylganov at a price of 7.41 pence, representing 4.19% of the Company's total issued ordinary share capital at the time. The aggregate cash consideration for this transfer of shares was approximately £2.9 million. Following the sale Kuat Oraziman had an interest in 374,408,033 Ordinary Shares representing 42.35% of the Company's total issued share ordinary capital at the time (these figures include the entire holding of Baverstock), and Kairat Satylganov had an interest in 205,428,656 Ordinary Shares representing 23.24% of the Company's total issued ordinary share capital at the time.

This was permitted under note 4 to Rule 9.1 of the Code following discussion with the Panel, without the requirement for a Rule 9 offer.

The Panel would not normally waive an obligation under Rule 9 of the City Code if the person to whom the new securities are to be issued or any person acting in concert with him has acquired any interest in shares in the company in the 12 months prior to the publication of a circular relating to the Proposals.

The purchase of Ordinary Shares by Kuat Oraziman on 1 April 2015 was not a "disqualifying transaction" for the purposes of paragraph 3 of Appendix 1 (Whitewash Guidance Note) to the City Code, and accordingly the Panel has granted the Waiver subject to Independent Shareholder approval as referred to below.

Under Rule 9 of the City Code, any person who acquires an interest (as such term is defined in the City Code) in shares which, taken together with the shares in which he and persons acting in concert with him are interested, carry 30% or more of the voting rights in a company which is subject to the City Code, is normally required to make a general offer to all of the remaining shareholders to acquire their shares. Similarly, when any person, together with persons acting in concert with him, is interested in shares which in aggregate carry not less than 30% of the voting rights but does not hold shares carrying more than 50% of the voting rights of such a company, a general offer will normally be required if any further interests in shares are acquired by any such person. These limits apply to the entire concert party as well as the total beneficial holdings of individual members. Such an offer would have to be made in cash at a price not less than the highest price paid by him, or by any member of the group of persons acting in concert with him, for any interest in shares in the Company during the 12 months prior to the announcement of the offer.

Following completion of the Merger, the issue to Baverstock of the Consideration Shares, the issue to Kuat Oraziman of the Conversion Shares, and, as the Baverstock Quotaholders may subsequently direct, the subsequent transfer to the Baverstock Quotaholders or their nominees of the Ordinary Shares as referred to above, the members of the Concert Party will between them be interested in Ordinary Shares carrying more than 50% of the Company's voting share capital, and, for as long as they continue to be treated as acting in concert, any further increase in that aggregate interest in shares will not be subject to the provisions of Rule 9 of the Takeover Code, although individual members of the Concert Party will not be able to increase their percentage interests in shares through or between a Rule 9 threshold without Panel consent. The members of the Concert Party will not be restricted from making an offer for the Company.

Waiver of the obligation to make a mandatory offer under Rule 9 of the City Code

The Panel has agreed, subject to the Whitewash Resolution being passed on a poll by the Independent Shareholders at the General Meeting, to waive the requirement under Rule 9 of the City Code for Kuat Oraziman and the Concert Party to make a mandatory offer for the ordinary shares it does not already own, as would otherwise arise from the receipt of further shares in the Company pursuant to the Merger. The Concert Party will be disenfranchised from voting on the Whitewash Resolution due to its involvement in the Proposals.

The Independent Directors believe that it is in the best interests of the Company that the Whitewash Resolution be passed so as to allow the Company to obtain a 100% interest in Eragon. Kairat Satylganov and Kuat Oraziman, being Directors of the Company who are also included in the

Concert Party, are not considered to be Independent Directors and therefore are not included in the Board recommendation relating to the Whitewash Resolution as set out below.

Disqualifying Transactions

There are no disqualifying transactions to be disclosed pursuant to paragraph 3 of Appendix 1 (Whitewash Guidance Note) to the City Code. Please see above paragraph entitled: "Information on the Concert Party" for more information on all transactions in Ordinary Shares entered into by the Concert Party in the last 12 months.

Intentions of the Concert Party

The Concert Party is not intending to seek any changes to the Board and have confirmed that it would be their intention that, following any increase in their proportionate shareholding as a result of the issue of Consideration Shares to Baverstock for certain Concert Party members and the transfer to them of the Ordinary Shares previously held by Baverstock pursuant to the Merger, the business of the Company would be continued in substantially the same manner as at present, with no major changes. As a result, there will be no repercussions on employment or the location of Roxi Petroleum's places of business and no redeployment of Roxi Petroleum's fixed assets. The Concert Party is also not intending to prejudice the existing employment rights, including pension rights and employer contributions to the Company's pension scheme, of any of the employees or management of the Company nor to procure any material change in the conditions of employment of any such employees or management. The Concert Party has no intention to make any changes with regard to the maintenance of the existing trading facilities for the Company's shares on AIM.

Related Party Transaction

As a result of Kuat Oraziman's substantial shareholding or interest in Baverstock, the Eragon Shares and Roxi Petroleum, the Merger is considered a related party transaction under the AIM Rules. The independent directors of the Company in respect of AIM Rule 13, being Clive Carver and Edmund Limerick, as well as Kairat Satylganov, consider, having consulted with WH Ireland, that the terms of the Merger are fair and reasonable insofar as Shareholders are concerned. For the purposes of the AIM Rules Kairat Satylganov is deemed an independent director as he is not personally receiving any shares pursuant to the Merger. Kairat Satylganov is however a member of the Concert Party, and as such he is disenfranchised from voting on the Whitewash Resolution and from providing a recommendation to the Independent Shareholders as to the Whitewash Resolution.

By reason of Kuat Oraziman's directorship of Roxi Petroleum, section 190 of the Companies Act will also apply to the Merger Agreement, the transaction envisaged by which represents a substantial property transaction with the Company.

Name Change

Following completion of the Merger the Directors believe it would be appropriate to change the name of the Company to Caspian Sunrise PLC, which would mark the beginning of a new era in the Company's development.

General Meeting

You will find set out at the end of this document the Notice convening the General Meeting to be held at the offices of Fladgate LLP, 16 Great Queen Street, London WC2B 5DG at 11:00 a.m. on 24 March 2017 at which the necessary Shareholder approvals in connection with the Merger and the Proposals will be proposed, comprising the Resolutions.

The Resolutions will be proposed as follows:

- (a) Resolution 1 (ordinary resolution on a poll of Independent Shareholders): to approve the Whitewash Resolution;
- (b) Resolution 2 (ordinary resolution): conditional on the passing of Resolutions 1 and 3 to 5 inclusive, to give the Directors general authority to allot the Consideration Shares and following completion of the Merger and the issue of the Consideration Shares and the Conversion Shares, to allot equity securities up to a maximum aggregate nominal value of £5,615,691.07 (representing one third of the Enlarged Share Capital);

- (c) Resolution 3 (ordinary resolution): conditional on the passing of Resolutions 1, 2, 4 and 5, to authorise for the purposes of section 190 of the Companies Act the terms of the Merger which is a substantial transaction with Kuat Oraziman who is a Director;
- (d) Resolution 4 (special resolution): conditional on the passing of Resolutions 1 to 3 inclusive and 5, to disapply statutory pre-emption rights in respect of the Consideration Shares and the Conversion Shares and to give the Directors power to allot securities in the Company for cash without first having to offer them to existing Shareholders, up to a maximum aggregate nominal value of £2,504,510.73 (representing 15% of the Enlarged Share Capital); and
- (e) Resolution 5 (special resolution): conditional on the passing of Resolutions 1 to 4 inclusive, to change the name of the Company to Caspian Sunrise PLC.

In accordance with the requirements of the City Code, Kuat Oraziman, Kairat Satylganov and the other members of the Concert Party may attend the General Meeting and vote on the Resolutions except that they will not vote on the Whitewash Resolution, which will be conducted by means of a poll.

Action to be taken

A Form of Proxy for use in connection with the General Meeting is enclosed. Whether or not you intend to attend the General Meeting, it is important, particularly in view of the fact that the Whitewash Resolution to be put to the Meeting will be determined by a poll, that you duly complete, execute and return the enclosed Form of Proxy, by hand or by post, to Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF in accordance with the instructions printed thereon. To be valid, the completed Form of Proxy must be returned as soon as possible and, in any event, so as to arrive not less than 48 hours before the time for holding the General Meeting. Completion and return of the Form of Proxy will not prevent Shareholders from attending and voting at the General Meeting in person should they wish to do so.

Admission and total voting rights

Following the satisfaction of the Conditions Precedent, Roxi will allot the 651,436,544 Consideration Shares to Baverstock, and the 80,804,200 Conversion Shares to Kuat Oraziman and application will be made for the Consideration and Conversion Shares to be admitted to trading on AIM conditional on the Eragon Capital Reduction becoming effective. The expected timetable for these events is set out on page 3 of this Circular and the Company will announce definitive dates for the final steps, and definitive Merger and Concert Party statistics, in due course following satisfaction of all Conditions Precedent. The total number of Ordinary Shares in issue following the issue of these shares will be 1,669,673,820 (subject to downward adjustment pursuant to the Merger Agreement as referred to above).

Roxi has no shares in treasury, therefore (subject to any further share issuance prior to Admission) this figure may be used by Shareholders, from Admission, as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change in their interest in, the share capital of the Company under the FCA's Disclosure and Transparency Rules.

Further information

Your attention is drawn to Part II of this document which contains further information relating to Roxi Petroleum and to the 2015 Annual Report and Accounts.

Recommendation

The Independent Directors, who have been so advised by WH Ireland, consider that the Whitewash Resolution is fair and reasonable and in the best interests of the Company and Independent Shareholders as a whole. Accordingly, the Independent Directors unanimously recommend that Independent Shareholders vote in favour of the Whitewash Resolution at the General Meeting as they intend to do in respect of their entire holdings which amount to 2,235,000 Ordinary Shares (representing approximately 0.24% of the Issued Ordinary Shares). In providing advice to the Independent Directors, WH Ireland has taken into account the Independent Directors' commercial assessments. The Concert Party will be disenfranchised from voting on the Whitewash Resolution.

With regard to all other Proposals, excluding the Whitewash Resolution, the Directors consider the other Resolutions to be fair and reasonable and in the interests of the Shareholders as a

whole. Accordingly the Directors unanimously recommend that Shareholders vote in favour of Resolutions 2,3,4 and 5, at the General Meeting as they intend to do in respect of their entire holdings which amount to 537,226,889 Ordinary Shares (representing approximately 57.31% of the Issued Ordinary Shares).

A full breakdown of the holdings of all Directors' shareholdings can be found in Part II of this document in the paragraph entitled "Interests and dealings".

Yours faithfully

Clive Carver
Executive Chairman

9. MATERIAL CONTRACTS

The following contracts: (i) not being contracts entered into in the ordinary course, have been entered into by the Company or other members of the Group in the two years prior to the date of this document; or (ii) are subsisting agreements which are included within, or which relate to, the assets and liabilities of the Company (notwithstanding whether such agreements are within the ordinary course or were entered into outside of the two years immediately preceding the publication of this document) and are, or may be, material:

(a) Merger Agreement

Details of the Merger Agreement are set out under the heading: "Basis of the Merger" in Part I of this Circular.

(b) Cancellation Agreement

In January 2009, Roxi entered into a farm out agreement with Canamens Central Asia BV whereby Canamens Central Asia BV acquired a 35% stake in BNG from Roxi in return for a \$7 million payment to Roxi plus a further \$45 million to be paid towards existing BNG work programme commitments.

Following Canamens Central Asia BV informing Roxi that it would be unable to pay the full amount due under the work programme commitments, Roxi and Canamens Central Asia BV entered into a royalty agreement on 10 May 2011. Under the terms of the royalty agreement Roxi would make an initial payment of \$2 million and grant a royalty in perpetuity of 1.5% of production revenues (calculated by reference to the wellhead price) to Canamens Central Asia BV in consideration for the restoration of the 35% stake in BNG previously acquired by Canamens Central Asia BV to Roxi. The royalty agreement was subsequently assigned to Canamens Limited who held the benefit 50% for itself and 50% for Sector Umbrella Trust.

Under the provisions of the cancellation agreement dated 24 July 2015 ("Cancellation Agreement"), Roxi, Canamens Limited and Sector Umbrella Trust agreed to cancel and terminate the royalty agreement in consideration for the issue of 46,661,654 new Ordinary Shares (representing 5% of the then enlarged share capital of Roxi) to Canamens Limited.

(c) Royalty Agreement

Since January 2015, under the terms of the acquisition of Roxi of 59% of the issued share capital of Eragon from Baverstock, Roxi and Baverstock have been liable to fund all costs incurred in respect of BNG in the ratio 59:41, including the 1.5% perpetual royalty previously payable to Canamens Limited.

Accordingly, in consideration of Roxi fulfilling its obligations under the Cancellation Agreement, Roxi has entered into a BNG royalty agreement with Baverstock dated 24 July 2015. Under the terms of this agreement Baverstock agreed to pay to Roxi, in perpetuity, a royalty payment at the rate of 0.615% of the production revenues at BNG, being 41% of the 1.5% original BNG royalty to reflect the interest in BNG attributable to Baverstock. This agreement will be terminated on completion of the Merger.

(d) Galaz disposal

On 10 February 2015 Roxi entered into a share sale agreement with, amongst others Xinjiang Zhudong Petroleum Technology Co. Ltd, for the sale of Galaz & Company LLP, an entity which held the exploration licence for an exploration site known as the Galaz contact area. Roxi's interest in Galaz & Company LLP was derived from its 59% holding of the share capital of Eragon as Eragon held the entire share capital of Galaz Energy BV, which in turn owned 58% of Galaz & Company LLP.

The sale completed on 12 June 2015 and the consideration attributable to Roxi pursuant to its interest in Galaz & Company LLP was approximately \$23,000,000 consisting of consideration for the sale of the shares in Galaz & Company LLP and the assignment of a loan made by Roxi to Galaz & Company LLP.

(e) **Bright Oceans share subscription agreement**

On 16 April 2015 Roxi entered into a share subscription agreement with Bright Oceans Corporation (a company registered in the People's Republic of China). Pursuant to the terms of this agreement, Bright Oceans Corporation agreed to subscribe for 74,508,208 Ordinary Shares for an aggregate subscription price of US\$20,000,000. In addition it was agreed that whilst Bright Oceans Corporation held 10% or more of the issued share capital of Roxi, it would be entitled to appoint one director to the board of Roxi.

As agreed between the parties this agreement was not completed.

(f) **Zhanat Bukenova debt conversion agreement**

On 24 July 2014 Roxi entered into a release and subscription agreement with Zhanat Bukenova (an individual resident in Kazakhstan) for the capitalisation of a loan provided by Zhanat Bukenova to Roxi.

Under the terms of the agreement, Zhanat Bukenova agreed to release Roxi from any, and all, of its obligations to Zhanat Bukenova under, or in connection with, a US\$500,000 loan facility provided by Zhanat Bukenova to Roxi pursuant to a loan agreement dated 10 October 2010. In consideration for the release, Roxi issued 3,955,438 Ordinary Shares to Zhanat Bukenova.

EC4A 3TW

Notes

1. Members are entitled to appoint a proxy to exercise all or any of their rights to attend and to speak and vote on their behalf at the meeting. A shareholder may appoint more than one proxy in relation to the General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. A proxy form which may be used to make such appointment and give proxy instructions accompanies this notice.
2. A proxy does not need to be a shareholder of the Company but must attend the General Meeting to represent you. Details of how to appoint the Chairman of the General Meeting or another person as your proxy using the proxy form are set out in the notes to the proxy form. If you wish your proxy to speak on your behalf at the General Meeting, you will need to appoint your own choice of proxy (not the Chairman) and give your instructions directly to them.
3. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the General Meeting.
4. To be valid any proxy form or other instrument appointing a proxy, together with the power of attorney or other authority, if any, under which it is signed, or a certified copy of such power of attorney or authority, completed and signed and must be received by post or (during normal business hours only) by hand at Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent, BR3 4ZF, no later than 48 hours before the time appointed for the meeting or for any adjournment thereof. In the case of a shareholder which is a company, the proxy form must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company.
5. The return of a completed proxy form, other such instrument or any CREST Proxy Instruction (as described in paragraph 13 below) will not prevent a shareholder attending the General Meeting and voting in person if he/she wishes to do so.
6. Any person to whom this notice is sent who is a person nominated under section 146 of the Companies Act 2006 to enjoy information rights (a "Nominated Person") may, under an agreement between him/her and the shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the General Meeting. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may, under any such agreement, have a right to give instructions to the shareholder as to the exercise of voting rights.
7. The statement of the rights of shareholders in relation to the appointment of proxies in paragraphs 1 and 4 above does not apply to Nominated Persons. The rights described in those paragraphs can only be exercised by shareholders of the Company.
8. To be entitled to attend and vote at the General Meeting (and for the purpose of the determination by the Company of the votes they may cast), shareholders must be registered in the Register of Members of the Company at 6:00 p.m. on 22 March 2017 (or, in the event of any adjournment, at close of business on the date which is two days before the time of the adjourned meeting). Changes to the Register of Members after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the meeting.
9. Resolution 1 will be voted on by those shareholders, who are considered, for the purposes of the City Code to be independent of Kuat Oraziman and any concert party of Kuat Oraziman which as the date of this Notice is those shareholders who are not in the Concert Party (as defined in the Circular). As required by the City Code, voting on resolution 1 will be conducted by way of a poll of independent shareholders. Voting on all other resolutions will be on a show of hands.
10. As at 24 February 2017 (being the last business day prior to the publication of this Notice) the Company's issued share capital consisted of 937,433,076 Ordinary Shares, carrying one vote each. Of these shares none are held in treasury and therefore do not have voting rights. Therefore, the total voting rights in the Company as at 24 February 2017 are 937,433,076.
11. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
12. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications, and must contain the information required for such instruction, as described in the CREST Manual (available via www.euroclear.com/CREST). The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the Company's registrars (ID RA10) by the latest time(s) for receipt of proxy appointments specified above. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Application Host) from which the Company's registrars are able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
13. CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

14. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertified Securities Regulations 2001.
15. Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
16. In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding (the first-named being the most senior).
17. To change your proxy instructions simply submit a new proxy appointment using the methods set out above. Note that the cut-off time for receipt of proxy appointments (see above) also applies in relation to amended instructions; any amended proxy appointment received after the relevant cut-off time will be disregarded. Where you have appointed a proxy using the proxy form and would like to change the instructions using another proxy form, please contact Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent, BR3 4ZF.
If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.
18. In order to revoke a proxy instruction you will need to send a signed hard copy notice clearly stating your intention to revoke your proxy appointment to the registered office of the Company. In the case of a shareholder which is a company, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. The original of any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power of authority) must be included with the revocation notice.
The revocation notice must be received by the Company no later than 11:00 a.m. on 22 March 2017 and a copy must be sent or delivered to Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent, BR3 4ZF.
